

The new firefighting boot AUSTRIA

The new pull on boot AUSTRIA impresses with additional features and improved wearing comfort. The new fire boot is certified according to EN 15090:2012 F2A HI3 CI AN SRC.

Features

Ankle Protection

The AUSTRIA has additional cushioning at the ankle area on the inside and outside, and fulfills the requirements of ankle protection according to the standard.

Flex-Zone

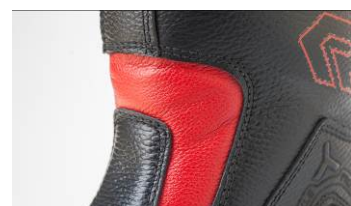

Special flex zones increase the wear comfort of the boot, especially when crawling, kneeling and driving. The flex zones are lined with a soft foam which is located in the bend.

Robust pull on loops

The boot has 2 very robust pull on loops on both sides. This enables quick access for the foot.

Sympatex Membrane (Optional)

The boot is also available with Sympatex Membrane. This provides water tightness and offers increased protection against viruses, bacteria, bodily fluids and various chemicals.

High quality materials

- Black tanned hydrophobic waterproofed leather
- High-grade laminate lining with foamed material, highly abrasion-resistant
- Padded leg and edge-of-leg zone
- Robust pull on loops for fast entry
- 3M reflective material, silver, made of heat-retardant material
- Ankle-zone stiffening, with specially shaped and reinforced rear strap for additional stabilisation
- Steel toe cap and steel midsole
- Leather insole: antibacterial, for optimum moisture regulation
- Nitrile outsole: antistatic, with air chambers, guarantees excellent insulation from heat and cold, is skid-proof and wear-resistant, oil and petrol-proof
- Rubber toe-cap to protect the upper leather
- Joint-supportive leather heel insert
- Anatomically shaped and breathable insert sole (washable: 30°C)

Order number

144980xx*	AUSTRIA NEW with Membrane
144981xx*	AUSTRIA NEW with Membrane, width 12
144982xx*	AUSTRIA NEW without Membrane
144983xx*	AUSTRIA NEW without Membrane, width 12

*Instead of "xx" state the size in the article number, e.g., 14498043 for AUSTRIA, size 43
