### Elvex® Chain Saw Protection Kit

Choose Your Personal Chain  
Saw Safety Protection Kit!

#### Product Features:

##### ProGuard™- *Integrated Logger System:*

- Professional-grade safety cap, integrated face and hearing protection that flips up and out of the way for increased on-the-job performance. With non-ventilated and ventilated cap models available with ear muffs. Ratings of 24, 25, 27, NRR.

##### ProChaps™ Series:

- Patented asymmetrical design for extended protection on left side of each leg; Prolar™ protective pads for safety and comfort. Stops chain saw in milliseconds-seconds. Easy-on/easy-off apron style.

##### ProGloves™:

- Prolar™ protection on back of left hand effectively jams chain to quickly stop cutting action.

##### ProVest™ II:

- Features Prolar™ protective pads in the upper chest and shoulder area to protect against dangerous chain saw kickbacks.

## Chain Saw Protection Kit Features

- ProGuard™ Professional logger system integrated with Tectra Safety cap (dielectric/ventilated), QuickSnap™ cap mount ear muffs that flips up and out of way. Plus, visor bracket and select from nylon screen, steel screen or Lexan® face shield. Two head suspension options: 6-point Ratchet or 6-point Pin-lock.
- ProChaps™ Choose from 90, 91 or 94 Series patented asymmetrical design, ProChaps™ featuring Prolar™ protective pads that effectively stops and jams a chain in seconds. Certified by Underwriter Laboratories to ASTM F-1414, meets ASTM Standard F-1897-2008 with protection of 2,750 feet per minute.
- ProGloves™ are layered with Prolar™ padding on the back left hand where it's needed the most. Effectively jams chain to stop the cutting action. Certified to leading standard: CE EN 388:4244, CE EN 381-7, Design B, Class 1-20(m/s). Premium grade, soft, durable cowhide leather palms. Extended leather cuffs with Velcro closure.
- ProVest™ II has Prolar™ padding to protect the sawyer's upper chest and shoulder area from dangerous saw kickbacks and has 6 handy pockets. Open side design with adjustable side straps allow for jackets to be worn underneath in winter. Water resistant 65/35 poly-cotton blend.
