

GATED WYES

Protek offers a wide selection of valves, including wyes, water thief and siamese. Wyes are used to divide a single flow, allowing fire fighters to extend attack lines when pre-connects do not reach. Both 2-way and 3-way wye options are available. Water Thief allows fire fighters to extend attack lines from a main supply line. Siamese is used to combine several hose lines into one. Both dual-inlet and trio-inlet siamese options available.

Style 530 Leader Line Wye

Style	530
Material	Alloy
Inlet	2-1/2" Female (65 mm)
Outlet	1-1/2" Male x 2 (38 mm)
